

PATROL 760

RIB'S
FIBERGLASS HULL

The **PATROL 760** is an «on demand» RIB for all sailing programs.

The boat offers excellent maneuverability and stability on the water and the high-performance hull gives it an exceptional passage at sea.

Like its big brother the boat is fully modular, you can choose to position all the optional equipment (Console, Bolster Seat, Bench...) wherever you want. This modularity makes it possible to meet the needs of both professionals (firefighters, coastguards) and individuals (Pleaseure and fishing).

This boat is available in PVC Melher or in HYPALON ORCA® fabric from the Belgian company, Pennel and Flipo.

The **PATROL 760** is available in a 12-passenger NUC-certified commercial version, and is available in division 222.
